Terminal Disclaimer

The terminal disclaimer filed on 11/4/05 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Patent 6340179 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

This application has been reviewed by the examiner and meets all formal and substantive (i.e., statutory) requirements and the language of the claims is enabled by, and finds adequate descriptive support in the application disclosure as originally filed. The primary reason for the allowance of the claims is the presence of limitations in the independent claim(s), which are not found in the prior art references. The examiner believes that the record of the prosecution as a whole makes clear his reasons for allowing a claim or claims. However, the examiner would like to point out one or more specific reasons and/or limitations that the prior art fails to disclose and/or make obvious. Hence, the prior art fails to disclose and/or make obvious a cooperative promotional advertising material set, comprising: a plurality of removable tabs connected with a connector, wherein selected ones of the plurality of removable tabs include a coupon printed thereon for discounted prices on one or more products, and

wherein each of the plurality of removable tabs include outcome-determining indicia printed thereon and a break-open window with a break-open structure with open and closed positions selectively concealing and revealing the outcome-determining indicia, a plurality of the removable tabs having losing indicia printed thereon, a plurality of the removable tabs having winning indicia associated with respective awards printed thereon, proof-of-purchase information printed on the plurality of removable tabs providing additional discounts on the one the or more products or other products, and a point-of-purchase promotional display with said indicia and the awards associated therewith printed thereon.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
